To edit your details click on the *Community* link in the user menu. This will allow you to see and edit all the details about your club that are stored. Please note that some details are only available to yourselves and the *CMC* executive. Other details are available to all including the general public.

Once you have done so, you will see the details below appear.

To start making changes click on the Edit button and then select Update Your Profile.

Your screen will now change and you should be able to see something similar to that below.

Simply click on each TAB and then enter / change the details as required.

Information entered under the Delegates or Statistics TAB is only viewable from CMC Executive. Other clubs and the general public do not see this data, they only see Contact and Additional Info TABS.
