PRESIDENT'S REPORT

Well we have just passed the half way point of the year and that means one thing for me and that's tax return, this is my favourite time of the year because I get to spend all of my tax return on car parts and if it's a good return I get enough parts to see me through to the next year to keep my project moving forward with out stalling and having to raid the bank account for more money.

Our July meeting was a good meeting it was nice and short and we didn't get to distracted. So far there is 11 cars that will be making the big drive to Albany for the long weekend so if anybody wants to go it's not to late to join in on the fun.

Bec made an announcement at the meeting that she will be retiring from the role as the events director and after so many years of organising our club I think she deserves a break so if any one would like to take on the job of events director come along to the AGM on the 4 th of August and put your hand up we will all help the new director with ideas to keep the club social.

The last thing on my list to bring up is membership quite a few memberships are up for renewal so if yours is up come along to the AGM and speak to Glenda and she will sort it out for you.

See you all soon Pete.

After Nigeria was eliminated from the world cup the Nigerian captain personally offered to refund all the expenses of fans that travelled to Brazil.

He said he just needs their bank details and pin numbers to complete the transaction.

Jim's Drivel

Hi all,

Okay, the cute puppy picture is just a way of getting your attention. When Top Gear tested a Lamborghini Gallardo against a cute puppy; the puppy won hands down.

The Club's AGM is next month and Bec is standing down from Events Director. Having done that for two years I know it's quite an undertaking ... for one person. So if we cannot find that one person let's see if we can find three or (preferably) four persons to take on and share the load.

The details of how, where, why and what can be sorted out, but most importantly we must have this position filled otherwise nothing will happen. **Many hands make light work!**

I'm willing to throw my hat in the ring; provided there's three others doing the same.

See you all on the road.

Jim Carr

Presidents Run Report

7th July 2019

The 2019 Presidents run was held at the Core Cider House in Pickering Brook. It was great to see many members turn up of the run. We had 7 Chevys come to enjoy the great winter weather minus the rain.

There were many comments made that we had definitely picked good date for a cruise.

After meeting at the usual McDonalds car park for a quick chat and coffee we followed the president along the winding roads of the Bickley Valley to Pickering Brook. We only broke our "Chevy Procession" at 1 set of traffic lights-not too stressful! .

It was a fabulous winters day to enjoy some good food and delicious cider together. I can personally recommend the "apple pie cider"

Thanks to all those who came out on the day.

Three generations of Wallers

Asbestos in Imported Motor Vehicles—An Update

As you indicate, I can confirm the same asbestos provisions and requirements remain in place in relation to vehicle imports into Australia and vehicle exports from Australia. These apply to all vehicles of any type, age or value. I have provided a link to the current 'Managing the Risk of Asbestos When Importing a Motor Vehicle' [fact sheet](#) on the Australian Border Force (ABF) website [asbestos information page](#) that may be useful for your members.

More broadly, there have been administrative and legislative changes in relation to the management of the asbestos prohibition, that while not specific to vehicle import/exports, may still be of interest to members. These include:

The policy responsibility for the *Work, Health and Safety Act 2011* (Cth) has transferred to the Attorney General's Department (AGD) from the Department of Employment, Skills, Small and Family Business (formerly the Department of Jobs and Small Business). As part of this change, the Asbestos Safety and Eradication Agency (ASEA) were moved to AGD. Standing arrangements for import permit applications through the Asbestos Safety and Eradication Agency (ASEA) remain in place. We will be addressing the necessary changes to our publications on the ABF website in due course.

Changes to the relevant import and export regulations in late March 2019. The changes were administrative, such as removing outdated provisions and references to repealed legislation, and achieving greater alignment for the definition of asbestos with Australia's domestic work, health and safety legislation. An explanation of the changes is contained within the "Notices" section of the ABF website [asbestos information page](#).

Prescription of asbestos as a [Tier 1 Good](#) in late March 2019. The change relates to the available penalties for the unlawful importation or exportation of asbestos and enhances the existing suite of sanctions available to the ABF for asbestos-related border offences. Further detail can be found in the link provided.

I trust this information is of assistance, please let me know if you have any further queries.

Regards

FUNNY SIDE

My wife asked me why I was speaking so softly at home.

I told her I was afraid Mark Zuckerberg was listening!

She laughed.

I laughed.

Alexa laughed.

Siri laughed.

MEETING MINUTES

55, 56 & 57 Chevrolet Club of WA Inc.

Date: 3.07.2019

Meeting Opened: 7.18 pm

Attendance: Kerri & Rhys, Bec & Brent, Jim, Pete, Gus & Karen, Ian, Rob, Peter, Gav, Russell & Cody, Alan

Apologies: JB

Previous meeting minutes accepted by: Bec

Seconded: Karen

Correspondence In: Usual newsletters, trailer registration, bank statement

Correspondence Out: BAT

Events Report (Bec)

7th July – Presidents run – meet at Macca's at 10am for a 11am departure. Cruise is finishing at Core Cider House in Pickering Brook.

4th August – Club AGM @ The Empire Bar. Bring your chev along – plenty of parking. The food budget will be \$300.

27 – 29th Sept – Long weekend down in Albany – we have 11 cars so far. An email will be sent out soon for tshirt sizes. The Friday night onesie night is not a joke – get your onesie sorted soon!

Treasurers Report

Contact Glenda for details.

General Business

(Bec) As you know from the email I have sent out – I am giving up my events role at the AGM. We need someone to volunteer to take over from me. (Jim) Maybe we could have more than one person – have a events committee to share the role. (Rob) this is how we do it in the Monaro club – we get together once a quarter and plan the upcoming runs together. Peter Janis and Jim volunteered to be in the committee providing there are others willing to join them.

(Bec) Membership fees are due now, please remember to pay by then. The club's bank details are in the BAT. An email will be sent out for those owing membership fees. We won't be chasing members for their fees, if they don't pay by the end of September they will be removed from the club membership list.

Matters Arising: none

Wanted: see Jim

For Sale: see Jim

Meeting Closed: 7.40 pm
